

Do you want to contribute to meaningful change?

At Brunswick Real Estate we have two independent departments, **Investments** and **Debt**. We build independent, sustainable investment platforms, focused on identified investment strategies and provide senior lending to commercial property with clear sustainability goals. Creating value isn't just about strong financial returns. It's about making a positive impact on our society and environment. That's at the heart of our business — and how we create meaningful change and measurable impact in our investments.

We currently hold EUR 5,0 bn AUM, 60 employees and have offices in Stockholm, Helsinki and Copenhagen.

Our internship

We provide a 20 week off-cycle autumn and spring internship where you are a natural team member from day one. You will work closely with both junior and senior team members in a high pace, professional investment and business development environment. Your tasks will vary and contribute directly to our business.
